

To Whom it May Concern,

My name is Leonard L. Wyatt, D.
I am a 56 yr. old Caucasian male,
and had gone to see my new
doctor Dr. John Malcott, at 1600 W.
Walnut St. in Jacksonville, Fl. (ph. 217-
479-0107) on July 23rd, 2002 for a
routine check-up. Because of my
age, he drew blood to have my PSA
levels checked. Normal is 0 to 3.9.
This test showed my PSA at 5.8, which
indicated possible prostate cancer, and
I was to go see the urologist immedi-
ately. Instead I went to see Margo
Siekerka on August 5th at 631 E.
Allen (ph. 217-544-4410) in Springfield,
Fl. who does spiritual healing, she
had done some healing work on a
friend of mine, and I told her my
problem. She said she thought
she could help me and she did.
Then I went to the Urologist,

Mr. Chas. Wilson, 814 W. State, (ph.
217-243-1865) Jacksonville, Ill.
on August 22nd, 2002. He wanted to
do a biopsy on my prostate and
I told him, no way. So, I asked
Dr. John Malcott to check my blood
again, which he did and on Sept. 18th,
2002 my PSA was 1.8!
